

As an association, we always pride ourselves in providing services for our members free of charge. However maintaining our ever growing I-NPOC community is costly. For instance web design and seminar planning are not possible without the generous donations from our founding members and recruiter friends.

Since many members find value in the job postings via our mailing list i-npoc@googlegroups.com, we are introducing a new Job Referral Program: if you found a job through our board or members please refer us to your recruiter. Any referral fees we negotiate with your recruiters will be passed down to you in forms of discounts, promotions and of course our upcoming seminar.

For more information about this program please contact us at info@i-npoc.com.
